SAN NAE DEUL KOREAN RESTAURANT THE FLAVOURS OF KOREA

The Land of the Morning Calm has produced many cultural exports, most famously its cuisine. This makes San Nae Deul the gem of a restaurant for locals and Koreans alike with its superb quality and friendly service. Dining is centred around barbecue with a smorgasbord of meats available in various marinades, all made on the spot. For a more traditional way, you can wrap those succulent cutlets with crisp veggies.

Whatever the selection, what good is a main dish without scrumptious sides? Eating as the Koreans do, the table will soon overflow with assorted banchan side dishes. The only thing you need to worry about is more room in your belly! Not a fan of barbecue? Then opt for the smoldering bulgogi with that wholesome flavour or silky and stringy japchae. Hopefully you will have enough space for sweet surrenders.
